

PROBLEM SET # 4

Each individual student will prepare and upload the submission before 11.59 PM of the deadline day in virtual classroom (Moodle). If you have doubts then you can meet Ms Aleesha Mariya (intercom 261) for clarifications. There should be around 7-9 submissions. Delay would mean non-submission and hence deduction of marks.

Please note that all your submissions will be Microsoft Word OR Excel files and the filenames would be YourRollNumber_YourSubmissionNumber.doc. For example, Roll Number # is PGP/23/010 then the first submission would be 010_1.xlsx; and similarly Roll Number # is FPM/13/09/M then the ninth submission would be 09M_9.xlsx.

I expect you to submit the following: Refer to the two attached files containing questions related to 'time value of money' topic. Solve as per the table below. Submit based on your roll numbers using below table by 10-08-2019.
