

PROBLEM SET # 1

Each individual student will prepare and upload the submission before 11.59 PM of the deadline day in virtual classroom (Moodle). If you have doubts then you can meet Ms Aleesha Mariya (intercom 261) for clarifications. There should be around 7-9 submissions. Delay would mean non-submission and hence deduction of marks.

Please note that all your submissions will be Microsoft Excel files and the filenames would be YourRollNumber_YourSubmissionNumber.doc. For example, Roll Number # is PGP/23/010 then the first submission would be 010_1.xlsx; and similarly Roll Number # is FPM/13/09/M then the ninth submission would be 09M_9.xlsx.

As your first submission, I expect you to submit the following: Refer to Chapter 1 (pages 39-41) of the Prescribed Book and submit based on your roll numbers using below table by 17-07-2019.

If your roll number ends by ↓	Solve and Submit ↓
1	Problem Set # 1, 11, 21 + any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
2	Problem Set # 2, 12, 22 + any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
3	Problem Set # 3, 13+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
4	Problem Set # 4, 14+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
5	Problem Set # 5, 15+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
6	Problem Set # 6, 16+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
7	Problem Set # 7, 17+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
8	Problem Set # 8, 18+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
9	Problem Set # 9, 19+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)
0	Problem Set # 10, 20+ any interesting information relevant to the chapter 1 from the latest financial newspaper (within 50 words with source mentioned clearly as reference)

Some Questions:

1. When should I cite a source in the text of the submission?

If it is not your original idea/analysis or if you didn't discover the information yourself, cite it. – for example, if you used <https://www.livemint.com/Money/s3bz8FMFy8Z4Z4K0DSkCTN/AIF-investments-swell-90-to-75000-crore-in-June-quarter.html> to share an information on alternate asset then you will submit the reference in end ... such as: Source: <https://www.livemint.com/Money/s3bz8FMFy8Z4Z4K0DSkCTN/AIF-investments-swell-90-to-75000-crore-in-June-quarter.html>, assessed on 15-07-2019

2. I have helped others do the submissions? And, I'm getting the lowest marks in the class?

Typically, you may not have submitted the way it was expected by the evaluator. For example, you solved the problem correctly but you did not explain it properly.
